19TH CENTURY AUCTION CATALOGUES

These are probably the best value-per-dollar acquisition in numismatics today. Imagine obtaining a 100+ year old coin catalogue for less than the price of a good dinner! Most are full R-4 (less than 200 known). If you collect them, you know. If you don't, consider adding several to your library now. The price can't stay this low for much longer. 'Nuf said.

----- SPECIAL ANNOUNCEMENT -----

We will be away from the office for two weeks in August to attend the A.N.A. show in Denver. All orders will be filled before we leave if they arrive prior to August 7. We look forward to meeting many of you at the meetings and numismatic theatre presentations; or, possibly, even on the bourse floor. I'll be the guy looking at all the counter-stamped Bust Quarters.

Again, we wish to say "thank you" to everyone that has ordered something so far this year. Of course, your comments are always welcomed. We do appreciate your business and hope we have added to your enjoyment in obtaining numismatic knowledge.

Best wishes,

The block contains two handwritten signatures. The first signature, on the left, is 'Karl' written in a cursive script. The second signature, on the right, is 'Jenny' also in a cursive script, with a long horizontal flourish extending from the bottom of the letter 'y'.
